Dear Doctor,

It is with much enthusiasm that we are writing to announce that effective immediately, CarSen Medical Inc has been named Fujinon Inc's exclusive authorized distributor for the sales and service of medical endoscope systems and accessories for Canada.

As your trusted partner, it is CarSen's vision to build enduring customer relationships and deliver world-class medical technologies and service solutions to the healthcare community. In this regard, Fujinon and CarSen Medical are working together to bring a new and innovative value proposition to the Canadian endoscopy marketplace!

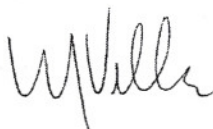

At CarSen Medical, we are committed to delivering innovative endoscopic solutions to all of our Canadian customers, and we are extremely excited to launch Fujinon's latest achievement, the EPX-4400 Electronic Video Endoscopy System.

The new EPX-4400 provides the most advanced optical technologies and the very latest in digital image processing, and the 4400 System is fully compatible with the full range of 400 Series G5™ video endoscopes and the all-new Fujinon Double Balloon Enteroscopy DBE™ system!

Also new, the next generation in endoscopic visualization has arrived with FiCE™, Fuji Intelligent Colour Enhancement Software. Fully installed in the EPX-4400 processor, FiCE™ will assist in enhancing tissue differentiation, thereby enabling physicians to highly contrast visual findings more accurately than ever before!

We very much look forward to the opportunity to contact you again and provide additional details as to our complete endoscopic product, service, and financial offerings. In the meantime, should you have an immediate need for additional information and would like to contact us we can be reached at 1.866.677.4121.

Very truly yours,

Bill Vella
CarSen Medical Inc.
